

Christian Nwachukwu

Software Engineer

chrisnwachukwu107@gmail.com | +234-810-494-8700 | Lagos, Nigeria

I'm a dedicated Software Engineer with over 4 years of experience specializing in front-end development and the creation of high-performance web applications. Proficient in modern technologies, with a proven track record of delivering scalable, high-quality products and mentoring over 100 students while working in Agile environments.

EXPERIENCE

Apexbyte

September 2024 – January 2025

Front End Developer

- Collaborated with cross-functional engineering teams to develop and maintain complex software applications.
- Architected responsive user interfaces using React.js and TypeScript, ensuring high performance and scalability.
- Implemented efficient development workflows and version control management using Git.

Flip To Tech

August 2023 – September 2023

Front End Developer

- Designed and implemented modern user interfaces using React.js and Tailwind CSS.
- Ensured seamless cross-browser compatibility and mobile responsiveness across diverse platforms.
- Strategically integrated reusable components to reduce development time and improve code maintainability.

Flip To Tech

March 2023 – August 2023

Junior Developer

- Spearheaded technical instruction for 100+ students, focusing on HTML, CSS, and JavaScript fundamentals.
- Assisted senior developers in debugging, code optimization, and feature implementation.
- Streamlined development processes through active participation in technical support and code reviews.
